MAJOR TECH

CTR156
1.5mm-6mm²
Hex Crimping Tool

Major Tech's 1.5mm-6mm² Hex Crimping Tool is designed for hexagon terminals, accommodating sizes from 1.5mm² to 6.0mm². It offers a ratchet mechanism for maximum grip and ensures professional-quality crimping with drop-forged jaws. The tool is compatible with terminal sizes of 1.5mm², 2.5mm², 4.0mm², and 6.0mm². With a length of 220mm, a 35mm² head, and a 150mm² handle, it provides the control and leverage necessary for efficient crimping.
