

## SI100 100W Electric Soldering Gun

Major Tech's 100W Electric Soldering Gun is your reliable companion for a wide range of soldering tasks. With a convenient pistol grip for easy operation, this soldering gun features trigger action that allows you to adjust the power from 30W to a maximum of 130W. This dual-power soldering iron offers versatility, making it suitable for both light and heavy-duty soldering jobs. Its compact design ensures easy storage, and it can reach a maximum temperature of 450°C. With a comfortable pistol grip and adjustable power, it's the perfect tool for precision soldering work, whether you're a professional or a DIY enthusiast.
