

## SI30 & S160 30W & 60W Electric Soldering Iron

Major Tech's 30W Electric Soldering Iron and 60W Electric Soldering Iron are the perfect tools for precision soldering work. These irons are fitted with fine tips, making them ideal for a wide range of general-purpose soldering tasks, from household electrical appliances to capacitors. Their compact and comfortable design ensures ease of use, and both are built to provide high-quality and long-lasting performance. The 30W iron reaches a maximum temperature of 380°C, while the 60W version goes up to 450°C, offering flexibility to match your specific needs. Whether you're a professional or a DIY enthusiast, these soldering irons are the reliable choice for your soldering projects.
