

TBP5-9 Tool Backpack Electrical Kit

*Image Advertises 2 inserts to show the inside and outside pockets. Only 1 insert is in each tool bag.

The TBP5-9 Tool Back Pack transforms into a portable workstation right before your eyes. It is an excellent solution for installers and repair technicians that need to transport tools while still having their hands free whether for climbing ladders or carrying bulky replacement parts. The overall design incorporates a removable sleeve with pockets of various sizes and configurations to hold a multitude of tools and small parts. Great for HVAC, satellite/cable television, telecom/networking, stadium lighting, and wind turbine technicians or any trade where convenient hands-free tool transport is desired.
