

KTK0707SG Insulated Screwdriver Set

Major Tech's 7-Piece 1000V Insulated Screwdriver Set is a robust and reliable toolset designed for heavy-duty professional use up to 1000V AC/1500V DC, adhering to EN60900 standards. Crafted from drop-forged Chrome Vanadium Steel with hardened tips, these screwdrivers provide durability and corrosion resistance. The soft grip handles, ergonomically designed for maximum comfort and torque, enhance user experience. Featuring IEC 'Stepped Insulation,' this set significantly improves terminal access for increased efficiency. The set includes both Phillips and Slotted bits in various sizes, ensuring versatility for a wide range of electrical and household applications. Elevate your work with this fully insulated, high-quality screwdriver set.

Features

- Fully insulated for heavy duty for professional use up to 1000V AC working to EN60900
- Steel hardened tips
- IEC 'Stepped Insulation' for greatly improved terminal access
- Drop forged chrome vanadium steel with tip hardness of HRC 48-56
