

## EVLO206 Long Nose Pliers

Major Tech's 165mm Long Nose Pliers are a versatile and safety-focused tool designed for working on live circuits. Crafted from high-strength chrome vanadium steel with precision machining, these pliers offer guaranteed cutting-edge hardness with HRC 58-63, making them suitable for both hard and soft wires. The pliers are high temperature resistant and made from durable materials, ensuring longevity and reliability. The 1000V double-insulated handles, meeting safety standards such as IEC 60900 and DIN EN 60900, provide protection against high voltage. Specially designed soft grips offer comfort during use, and the 170mm length, 60mm head, and 110mm handle length provide the precision needed for various tasks in electrical work.

### Features

- Work on live circuits
- High voltage resistant
- HRC 58-63 suitable for both hard & soft wire
- High temperature resistant
- High strength, durable material
- Precision machining
- Chrome vanadium steel
- 1000V double insulated handles
- Specially designed soft grips
- Safety test: IEC 60900 and DIN EN 60900

Product Code	Length	Head	Handle
EVLO206	170mm	60mm	110mm

Specially designed soft 1000V  
double insulated handles

HRC 58-63 suitable for  
both hard & soft wire
