

VSKN013S Curved Blade Stripping Knife

Major Tech's VSKN013S is a 38mm Curved Blade 1000V Stripping Knife, meticulously crafted for precise and secure electrical work. This stripping knife is fully insulated, ensuring safe use on live conductors up to 1000V AC, and it adheres to the rigorous standards of IEC 60900. Each tool undergoes individual testing up to 10,000V, providing reliable insulation in various applications. The strong, comfortably shaped safety handle with finger grips guarantees control and comfort during use. Complete with a protective cap for secure storage, the fixed stainless steel blade, including a safety shoe, prevents damage to inner conductors. Trust the VSKN013S for efficient and safe stripping in your electrical tasks.
