

ECCT450 Battery Powered Crimper & Cable Cutter

Introducing the ECCT450, the ultimate combined crimping and cutting multitool designed to elevate your workflow with unprecedented efficiency and safety. The ECCT450 comes with an OLED display, the crimping head rotates a full 350°, granting you unmatched flexibility and precision even in the most confined spaces. Safety is paramount with the quick motor stop feature, ensuring the highest level of operator protection. The ECCT450 allows quick and effortless changeovers between the crimping and cutting heads, making it a true multitasking marvel. With an ergonomic design that optimizes the position of the center of gravity, the ECCT450 reduces operator fatigue, enabling prolonged use without compromising comfort. Its impressive crimping capacity handles up to 400mm² for copper and 300mm² for aluminum, making it the go-to tool for a wide range of applications.
