

PD1, PD2 Pilot Drill

PD2

PD1

Our Pilot Drills, essential companions for your bi-metal holesaws, guarantee precision and reliability for your cutting needs. PD1, with a length of 75mm and a 6mm size, is designed for use with arbors AB19, AB35, and AB45. PD2, measuring 110mm in length and also with a 6mm size, is ideal for use with arbor AB14. These high-speed steel pilot drills are versatile, compatible with all brands of bi-metal holesaws. Whether you're a professional tradesperson or a DIY enthusiast, these pilot drills ensure clean and accurate cuts, making them the perfect choice for your cutting projects. Trust in their performance to meet your needs with precision.
